

# Rules for the “YEGPIN” Pro Pinball Tournament / Women’s Canadian Pinball Championship - 2020 Edition

The majority of the detailed rules are adapted from PAPA / IFPA whom we thank for making them available for other tournaments.

## I. Quick Overview

The YEGPIN Pro Pinball Tournament (PPC) and Women’s Canadian Pinball Championships will be held on a bank of 5 tournament games.

PPC division cards are \$40 each or 3 for \$100 with 4 games recorded on each card. Those who finish in positions 1-4 (<41 Players) or 1-8 (<81 players) will qualify for the PPT playoffs.

WCPC division cards are \$10 each or 3 for \$25 with 4 games recorded on each card. Those who finish in positions 1-4 (<41 Players) or 1-8 (<81 players) will qualify for the WCPC playoffs.

A point system is used to rank each player’s score on each machine. Those who rank highest at the end of qualifying will participate in the group match play final rounds. In the final playoff rounds, qualified players play against each other in 3 games (1 more if a tiebreaker) to determine whom advances and is crowned the champion.

## II. Schedule

### 1. PPC/WCPC:

#### ***Qualifying Hours:***

Friday: Noon – 9:30PM

Saturday: 11:00am – 8:30PM (ticket sales will end at 7:30PM)

→ Note: VIP ticket holder will have an extra hour in the morning for qualification.

## III. Machine Selection and Divisions

All players’ qualifying attempts are considered “open” attempts.

The PPC/WCPC will be played on (1) modern/LCD, (1) mid-modern and (1) late Solid State (Post-1985) , (1) Early Solid State (1977 – 1984) and one EM machine and there will be one division of play. (Main

#### IV. Prizes

Every paid entry after that will be added to the final prize pool pot and will be allocated in the following way. 10% will be held to pay for prizing and IFPA fees.

##### PPC:

Division	1st	2nd	3rd	4th	5th-8th
Main (4): Up to 40 qualified players	40%, Bracelet	25%, Plaque	15%, Plaque	10%	N/A
Main (8): 41 - 80 qualified players	35%, Bracelet	20%, Plaque	15%, Plaque	8%	3%

##### WCPC:

Division	1st	2nd	3rd	4th
Main (4):	\$500	\$250	\$150	\$75

#### V. Qualifying Rounds

##### 1. Purchasing entries

Before purchasing any entries, players must be registered. Entries will not be sold for any division beyond the posted time and are non-refundable unless by special permission.

##### 2. Playing an entry

Players will be added to a digital queue for a machine prior to play by either a scorekeeper, the or by themselves via the tournament website. Each player can only join one queue at a time regardless of machine division. If the machine is open, they must inform a scorekeeper prior to beginning play to verify available entries. If there is a queue, the scorekeeper will call the player when it is their turn if the player is not already present. If the player does not appear within one minute, the next person in line may go ahead of them as called out by the scorekeeper. Once the score is added to the software, the entry cannot be voided, the only way a change can be made to the score is by a tournament director where the score was incorrectly entered.

##### 3. Voiding an entry

Once a player has completed their game, the player may either choose to have the score counted or to void the entry. If a player voids the entry they will abandon their entire card. If they choose to count the score, the scorekeeper will record the score, which the player should verify. The scorekeeper will then ask the player if they wish to be added to a new game queue if unused entries are available. Entries for

YHS can be used for this specific tournament. Once an entry is voided a player cannot undue the process and have the score added as a qualified score.

#### **4. Scoring**

Each player's best score on a machine will receive a point value based on its rank compared to all other players' scores.

For example, on each game in a division with a 200 point scale:

- Score ranked #1 - receives 200 points.
- Score ranked #2 - receives 190 points.
- Score ranked #3- receives 185 points.
- Score ranked #4- receives 184 points.
- Score ranked #5- receives 183 points.
- Score ranked #6- receives 182 points. ...And so on down to:
- Score ranked #187- receives 1 point.

A player's overall score is the sum of their ranked scores on all machines in that division of the tournament, whether or not the player has played all such machines. Because the rankings will change as new scores are posted on each machine, the overall score of each player may change as the qualifying rounds progress. In the event of two or more scores on a machine being exactly tied, the highest point value of the tied positions will be awarded for each such score. Tournament officials will endeavor to provide up-to-date scores and rankings. The overall ranking scores are used to determine which players qualify for the playoff rounds.

## **VI. Advancement to Playoff Round**

### **1. Advancing to final rounds**

When qualifying rounds have been completed, a final calculation of entry scores will be made. Those scores will be ranked, and the top unique players in each division will advance to the final rounds. The determination of final qualifying standings will be made by tournament officials at the end of qualifying hours, and shall not be changed for any reason, including player error or tournament error. In the event that two or more players are tied on the qualifying bubble, such that not all of the tied players can advance to the final rounds, a tiebreaking procedure will be utilized. The same procure will be used for "byes" as well.

*In the event that two or more players are tied a tiebreaking procedure will be used in order to save time. Each player's best game rank will be examined. The player with the highest game rank will be given the highest seeding, proceeding through all tied players, in descending order of game rank. If the players have the exact rank on each of the 7 games, then an one ball final will be held on a randomly selected machine. The tiebreaker if needed will happen at 9:30pm on Friday.*

## **2. Machines Selection**

The machines used for final rounds in each tournament will be the same as those used in qualifying.

- Machines will be in Modern, Mid-Modern, Late Solid State, Early Solid State and Classic in that order
- Machine selection will be based on performance of machines during qualifying

All games played in the final rounds are treated as four-player. In the event a machine being utilized does not support enough simultaneous players, multiple games will be played on the same machine, with playing order preference going by original seeding as usual, and the resulting scores will be compared as if a single multiplayer game had been played.

## **VII. Playoff Round Format**

### **1. Choice of Play**

The group that contains the highest-seeded player gets first choice of machine and so on. No group may select a machine which has already been selected by a group in the same round, nor may they choose a machine on which they have already played in that round (unless machine malfunctions have made this unavoidable; tournament officials may choose to provide additional or substitute machines, however). The top seed in each group has the choice of machine and position on the first game, the remaining players may choose their order, in descending order of seeding. (Note: the top seeded player does have the option to defer game choice, they would still have the option of picking first for position). If no player in a group will make a choice, the choice(s) is determined by the top seed who can now duplicate a pick is he/she wishes. Note that the original seeding of players when entering the final rounds from qualifying is used in every round. At no time does a player's seeding change from round to round; therefore the advantage of qualifying in first place can be significant. When all games have been completed by a group, each player will have a point total for the round. The players with the top two point totals from each group of four players will advance.

### **2. Finals Scoring**

For both tournaments, four games will be played each round with each four-player game scored as follows:

- 1st 3
- 2nd 2
- 3rd 1
- 4th 0

In the event of two or more scores on a machine being exactly tied, the players with such scores will immediately play a tiebreaker game, on the same machine, unless another machine is selected by tournament officials.

### **3. Semifinal Rounds**

For the semi-final rounds in each division, the qualifiers in each division (or players advancing from quarterfinals, if those were played) will be divided into two groups of four.

The groups will be organized according to the original qualifying rank as shown here:

Group 1: #1, #4, #5, #8

Group 2: #2, #3, #6, #7

### **4. Final Rounds**

In each division, four players advance to the final round. The final round for each division is conducted in the same manner as the semi-final round. The total scores for this round will determine the ordering of winners in each division. All ties in the final round are considered significant. Unless otherwise determined by tournament officials, the same machines will be used in the final rounds as the previous rounds.

### **5. Winners**

Winners will receive cash prizes during an awards ceremony shortly following the conclusion of all final rounds on Saturday. Winners need not be present to receive prizes; prizes will be supplied via email transfer if necessary. Any taxes are the sole responsibility of winners. If you do not show up for the playoff round or any of the playoffs rounds then you will forfeit your winnings, there are no substitutions in the playoff round. Exceptions due to an emergency will be considered and determined by organizers.

### **6. Tiebreaking**

Significant ties between players at the end of any of the final playoff round will be resolved by one tiebreaking game. Note that a tie is only significant if it affects whether or not a player will advance toward the final round, or occurs in the final round. In a tiebreaking game, the players will play the next machine in line or a machine deemed by tournament officials. The highest-seeded player may choose the order of play or defer to another player. In the unlikely event of an exact scoring tie on the tiebreaking game, only those affected players will play another tiebreaking game, on the next game in line, under the same rules. Note: in Classics, the next game in the line will be in the first machine in the next bank.

### **7. Reporting Final Positions**

Final positions as reported for IFPA will be based upon player's position rank during the A final rounds, or based upon their qualifying ranking should they fail to qualify for division "A" finals.

## **VIII. Machine Play Note:**

### **1. Machine Setup**

Machines used in PPT will be modified and setup for tournament play. Advanced tournament settings (no extra balls, no ball saves, shortened multi-ball timers, etc.) and physical modifications (fatter post rubbers, removed posts and rubbers, advanced outlanes, etc.) will be made to the machines to ensure the tournament runs smoothly. Notes will be posted on the machines to identify software adjustments that were made to help the competitors.

### **2. Malfunctions**

Occasionally machine can malfunction during a qualifying or playoff round. YEGPIN will do absolutely everything they can do to get machines back working within the qualification round. If a machine breakdown in the first day and is not fixable, that machine will be removed and all scores voided and a replacement machine may be put in to replace it. No refunds will be issued, in other words play at your own risk on the first day of competition. If the failure happens on the second day of qualification, the machine will be shutdown the scores are held for the remainder of the tournament. YEGPIN tests all machines before competition play however; we still reserve the right to fix glaring setup issues with a machine within the first four hours of competition (too tight of tilt, level issues, etc.).

## **IX. Additional Rules Information**

Any request for a ruling not contained within this document will be referred to the most recent combined PAPA / IFPA Rules located at <http://www.ifpabinball.com/rules>
